Reb Dovid Yehuda Zussman (Sofer) שליט"א, has undertaken the monumental task of gathering the חידושים (Talmudic novellae) and שאלות ותשובות (Halachic responsa) on the four חלקי שולחן ערוך (sections of the Shulchen Aruch) from his *zeide* (ancestor).

הגאון הצדיק שר התורה קדוש ישראל ר' ישעי' זילבערשטיין זצ"ל (Hagaon Hatzadik, Prince of the Torah, Holiest among the Jewish people, Rabbi Yeshaya Silberstein of blessed memory) whose fame spread far and wide as the מחבר (author) of the "מעשי למלך" *Masei L'Melech* the "Weizener Rov"

Numerous תלמידי חכמים (Torah scholars) are engaged in this project to decipher the כתבי ידות (manuscripts), which demand great expertise and obviously involves great costs.

Great is the זכות (merit) of those whose financial support will enable this project to reach its goal, and it shall cause a נחת רוח (spiritual pleasure) to this great *Gaon* and *Tzaddik* which in turn, will surely bring ישועות ברוחניות ובגשמיות (Yeshuos, both physical and spiritual).

הכו"ח לכבוד האי צדיק, ולכבוד תומכי תורתו

(Signing in honor of the tzaddik, and in honor of the supporters of his Torah)
